

GIS | HireRight is one of the most experienced background screening firms in the nation, and the only large provider to not offshore any of our operational or customer support processes. As an NAPBS-accredited background screening firm, GIS | HireRight is committed to providing superior services, highly-customizable technology and excellent account management, all to help you hire the best employees possible.

GIS | HireRight is your total screening solution

- **Technology.** GIS | HireRight has industry-best data security plus VeriCourt, our automated jurisdiction search technology that covers more than 1,900 jurisdictions which allows for turnaround times in as little as 1 hour in many areas.
- **Customer Service.** GIS | HireRight is known for award-winning dedicated account management.
- **Coverage.** We offer one of the largest criminal databases in the industry plus a full portfolio of offerings spanning the globe.
- **Quality Assurance.** We invest heavily in continuous process improvement.
- **Access.** GIS | HireRight offers 24/7 access through a variety of methods, including:
 - web-based background screening platform
 - GIS | HireRight applicant entry portal
 - Pangea Applicant Entry Portal
 - vendor and non-employee screening platforms
 - integrations with ATS, HRIS, ERP and client-proprietary systems of all types
